# For boarding

## **【Instruction about cameras】**

Please follow instructions below.

- Do not use flash light at any time in the helicopter.  
(Flash light may affect captain's eyes and interrupt the safe flight)
- Do not take any pictures at the hangar and the helipad including when boarding and disembarking.
- Do not take any pictures of the cockpit / pilot / switches.
- Refrain from taking pictures during take-off and landing.

## ② Security Check

### **【For security check】**

- If you have keys, wallet, coins and cameras, please put them on a tray placed aside the safety inspection machine.
- No need to take off your accessories, belt and watch while having inspection.
- Go through the safety inspection machine and may be subject to recheck with a handheld device when it sounds an alarm.

## ATTENTION

### ③ Boarding

- The rotors will be already in motion when boarding and strong wind will blow down from the main rotor. Therefore keep away from foreside and rear side of the helicopter and watch your belongings (hat and scarf) not to be blown off.
- After being seated, please fasten your seat belt by yourself. There are 3 types of seatbelts, please check the seatbelt type by our staff at the boarding instruction. ( Your seat will be allocated by our staff at the boarding instruction. )
- Any change or switch of seats is not allowed during the flight.
- Do not touch any meters and gauges in the helicopter.
- Do not speak to the captain during the flight.

**Do not approach to foreside and rear side of the helicopter.  
Just follow the ground staff.**

Smoking is allowed only in the smoking room in the lounge. Please leave lighters and cigarettes in the locker before boarding.

Please use the rest-room before you are called at the boarding announcement.

**KEEP OUT REAR AREA**

Please do not touch the helicopter.

**KEEP OUT FRONT AREA**

Let us know if you get airsick.

Be careful not to be blown off your belongings by strong wind.

Please follow our ground staff's instructions.

## Ready to fly...

Thank you for flying with Excel Air Service INC.

Should you have any questions, please ask our staff who will escort you after boarding announcement. We made this leaflet for non-Japanese customers in order to ensure your safety and pleasant flight. Our staff's Japanese instruction will be almost covered in this leaflet, hence your patience during our Japanese instruction would be appreciated.

We wish your pleasant flight!!
